

The Northeastern Ontario Stroke Network Presents:

Provincial Stroke Rounds

Speakers:

Dr. Ravinder-Jeet Singh
Ven Rajendran
Susan Bursey
Chantal Liddard

Beyond the Stroke Unit with MOTIVE: An Innovative Model for Interdisciplinary Stroke Care

*Please note the archived recording of this talk will be held until the research is published

Wednesday November 4, 2026, 0800-0900h EST

Objectives: Upon completion participants will be able to:

1. Describe the rationale and drivers behind the development of the **MO**bile **T**ransient Ischemic Attack and Stroke with **AdaptiVE** Workflow (**MOTIVE**) model of care.
2. Discuss the value-add that early functional assessment and access to stroke expertise brings towards timely triage decisions and safe discharges.
3. Evaluate the impact of the MOTIVE model on patient flow, length of stay, patient experience and safety outcomes at Health Sciences North.
